

Subseven, Family Secrets

Past the party - outside the walls
Into the dark - we all follow
Cool night air - no words spoken
The plans they made - We all broke them
Made for abundance
In this torch lit - in this circle
We are the ones
That understand all these whispers
Past the party - through the woods
Hear the message - misunderstood
Listen closely - the word is ours
Family secrets - inside our hearts
Made for abundance
In this torch lit - in this circle
We are the ones
That understand - all these whispers
