

Suburban Legends, Win A Date

You have got me spinning around
Crushing on you every time you're around
Tripping on every word that you say
From the way that I'm losing
to your powerful game

I treasure your name
Like the goddess of gold, it'll never change
Baited hooked and I'm ready to go
All you got to do is let me go

(Chorus:)
Just wanna win a date with you but
The gates are locked to your paradise
I've got the key to your heart
but you'll never know it
even after i sing you these lullabies

I love the perfect way you're looking every day
Banging on my heart till i finally say
you're the drug that i need
So hard for me to leave
Can put you in my wallet
I will follow my needs

Whisper your name
Forty times and the feelings hasn't changed
Laced with honey I close my lips
As I patiently wait for my chance at best

(Chorus x2)

I need you so very much it's my fault
All I really need is your love
Night after night when I think of us
Being together, I'll love you whenever oh yeah

(Chorus x2)

I wanna sing you lullabies
Even after I sing you these lullabies
