

Suburban Phlight, Street Sweeper

Here we come
Down the street
Here we come down the street in our big shiney yellow machine
Here we come down the street in our big shiney bristled machine

Here we come down the street
Washing away your troubles all day
Here we come down the street
Sweeping up all of your shattered and broken dreams

Here we come
Down the street
Here we come down the street in our big shiney yellow machine
Here we come down the street in our big shiney bristles machine

Here we come down the street
Washing away your troubles all day
Here we come down the street
Sweeping up all of your shattered and broken dreams

Here we come down (the street)
