

Suck For Sympathy, Pendant

1 2 3 4...

Another conversation, another argument
But we're sleeping in the same bed in the end
And in my opinion, your only reason why
You're mean to me is to give us one more try

Uhhhaa!

Chorus:
If you love me or love me not
Dunno if you
Love me or love me not
Its over but you
Love me or love me not
Please tell me why...

Today its getting closer, tomorrow you hate me
And you tell me there are different things to see
Now you tell me its forever, later that its just phase
First you beat me up, then I bleed in your embrace

Uhhhaa!

Chorus:
If you love me or love me not
Dunno if you
Love me or love me not
Its over but you
Love me or love me not
Please tell me why...

Why are you so depressive, you said, why are you so sad
There's nothing you have to worry 'bout, please don't hang your head
You turn to me, I feel your lips oh so softly on my mouth
Then you try to grab my heart, you try to rip it out...

Chorus (x2):
If you love me or love me not
Dunno if you
Love me or love me not
Its over but you
Love me or love me not
Please tell me why...

Please tell me why... (x2)
