Suck For Sympathy, Tiny Song

This is a tiny little song
About a things that are going wrong
About governments
And presidents
For whom we wrote this song

This is a tiny little tune
About a things that are going soon
About Vaticans
And popes with glance
For whom we wrote this tune

This is a tiny melody
Some words for you and me
About authority
And our society
For who whom we wrote this melody

Chorus (repeated x4):
Shit on you
Idiots
Please go kill yourself...
