

Suede, Lost In TV

I see you in my life
I see you on the screen
An ascending socialite
Orbiting the scene

Everybody wants you now
Everybody wants to be a part of your crowd

But baby it seems sometimes you're lost in TV
Lost in a dream baby

We wander through our minds
With images and scenes
With animated lives
Rehearsing for our dreams

Everybody wants it now
Everybody wants to be a face in the crowd
But baby it seems sometimes we're lost in TV
Trapped in a screen lost in a scene
Lost in TV baby

Everybody wants it now
Everybody wants to be a face in the crowd

But baby it seems sometimes we're lost in TV
Lost in a dream baby
