

# Suede, Read My Mind

if only people ran the show  
if only traffic weren't so slow  
if only thoughts would come and go  
this is the nothingness i know

read my mind  
come on if you read my mind  
come on if you see inside  
you won't see nothing

if only friends would call again  
if only people knew my name  
if only things would never change  
it's like cement inside my brain

read my mind  
come on if you read my mind  
come on if you see inside  
you won't see nothing

come on if you read my mind  
come on if you read my mind  
come on if you see inside  
you won't see nothing

come on if you read my mind  
come on if you read my mind  
come on if you see inside  
you won't see nothing

come on if you read my mind  
come on if you read my mind  
come on if you see inside  
you won't see nothing

come on if you read my mind  
come on if you read my mind  
come on if you see inside  
you won't see nothing

come on if you read my mind  
come on if you read my mind  
come on if you see inside  
you won't see nothing  
you won't see nothing
