

Sufjan Stevens, Size Too Small

I was the best man in a size too small.
You were my best friend, going at it all.
And what if I put off my inheritance?
Where is the best man?
All arise us all in peace.
I still know you.
And I still like you, the best man.
And I still owe you.
Everything rises, going at it all.
All the surprises in a size too small.
And what if I told you
I was still in love with this?
Would you surprise us
in a size for all of me?
I still know you.
And I still like you, the best man.
I still know you, the best man.
I still owe you
