

# Sugababes, Disturbed

(verse 1)

wheres the hurt?  
and what is worth?  
and wheres the end improve?  
who am I?  
I reolised, one and one and make two  
be prepared, stop running scared  
'cause they are watching you  
'cause they are watching you

(chorous)

I dunno what iit is with me,  
I'm falling from my own two feet,  
I feel a bitter end inside,  
like a perfect world been disturbed  
I'm full of it but i cant speak  
how does a body get so weak?  
no colour in my black and white  
do the deepest times get much worse?

(verse 2)

whos your freind?  
no one else  
left from one mistake  
on your own,  
a precious stone,  
left to wash away.  
dim the lights down a whlie  
who am I to blame?  
yeah, who am I to blame?

(repeat chorus)

my perfect world, it has been disturbed

I dunno what it is with me  
I'm falling from my own two feet  
I feel a bitter end inside  
I'm full of it but i cant speak  
hows my body got so weak?  
no colour in my black and white  
deepest times get much worse
