

# Sugababes, Down Down

Getting busy  
Cannot stop I'm caught in a groove  
Getting busy  
Cannot stop I'm caught in a groove

You gotta get down down  
(Getting busy)  
(Cannot stop I'm caught in a groove)  
You gotta get down down  
(Getting busy)  
(Cannot stop I'm caught in a groove)  
You gotta get down down  
(Getting busy)  
(Cannot stop I'm caught in a groove)  
You gotta get down down  
(Getting busy)  
(Cannot stop I'm caught in a groove)

Feeling sexy, dirty thing got his eyes on me  
Walks up close, took a stroke, getting down dirty  
He's watching  
While I'm making circles on the floor  
I'll have him begging for more

What you see's, what you're getting  
You for me, you will stick it  
It's so hot, in this kitchen  
I'm so ready to go

Wind yourself around and grab a hold and ride it  
You gotta get down down  
You gotta get down down  
Feel the rhythm driving, everybody's riving  
You gotta get down down  
You gotta get down down

You gotta get down down (Getting busy)  
(Cannot stop I'm caught in a groove) You gotta get down down  
(Getting busy) You gotta get down down  
(Cannot stop I'm caught in a groove) You gotta get down down  
(Getting busy) You gotta get down down  
(Cannot stop I'm caught in a groove) You gotta get down down  
(Getting busy) You gotta get down down  
(Cannot stop I'm caught in a groove) You gotta get down down

Would I like baggy jeans got the hip hop style  
Come and slick my embrace take my number down  
Well it's for fun I know it turns you on  
Wanna bump and grind with me  
Pull it out of the bag, yeah yeah

Wind yourself around and grab a hold and ride it  
You gotta get down down  
You gotta get down down  
Feel the rhythm driving, everybody's riving  
You gotta get down down  
You gotta get down down
