Sugababes, Push The Button

I'm busy throwing hints that he keeps missing Don't have to think about it I Wanna kiss and Everything around it but he's too distant I wanna feel his body I can't resist it

I know my hidden looks can be deceiving But how obvious should a girl be? I was taken by the early conversation piece And I really like the way that he respect me

I've been waiting patiently for him to come and get it I wonder if he knows that he can say it and I'm with it I knew I had my mind made up from the very beginning Catch this opportunity so you and me could feel it 'cos

If you're ready for me boy You'd better push the button and let me know Before I get the wrong idea and go You're gonna miss the freak that I control

I'm busy showing him what he's been missing I'm kind of showing off for his full attention My sexy ass has got him in the new dimension I'm ready to do something to relieve this mission

After waiting patiently for him to come and get it He came on through and asked me if I wanted to get with him I knew I had my mind made up from the very beginning Won't miss this opportunity so you and me could feel it 'cos

If you're ready for me boy You'd better push the button and let me know Before I get the wrong idea and go You're gonna miss the freak that I control

If you're ready for me boy You'd better push the button and let me know Before I get the wrong idea and go You're gonna miss the freak that I control

I've been dropping so many hints Youre still not getting it Now that youve heard everything I have to say Where we gonna go from here?

After waiting patiently for him to come and get it
He came over and asked me if I wanted to get with him
I knew I had my mind made up from the very beginning
