

# Sugababes, Soul Sound

I, touch the sky, all around, it's alright  
And who wouldn't believe  
What's happening to me  
Expectations all around  
My intuition knows no doubt I could  
Lose my way on this merry-go-round

So I, like a bird will fly  
To see  
Just what could be  
And patience I will learn  
Before this fire burns  
Intuition's got a hold on me  
There's magic in the air  
I wanna breathe  
Change, change all around  
Go with the rhythm

The soul sound (oh mmm)  
The soul sound (mmm, mmm)  
The soul sound (oh mmm)  
The soul sound

So I, like a bird will fly  
To see  
Just what could be  
(What could be yeah)  
Patience I will learn  
Before this fire burns  
Intuition's got a hold on me  
There's magic in the air  
I wanna breathe  
Change, change all around  
Just go with the rhythm

The sould sound (oh mmm)  
The soul sound (mmm, mmm)  
The soul sound (feeling free)  
The sould sound

Dun-duna, duna-duna, dun-duna, ooh  
Sould sound  
Dun-duna, dun-duna, dun-duna, dunnn  
Wait a minute soul sound  
Ahh, ooh ahh, ooh ahhh, ooh ahhh

The soul sound (oh mmm)  
The soul sound (mmm, mmm)  
The soul sound (mmm, mmm)  
The soul sound (mmm, mmm)  
The soul sound (wait a minute soul sound)
