

Sugababes, Spiral

We bust a red light
And I've got no fight
Moving in a mad rush
No limit I can't stop
We're into overdrive
Hopelessly into you
'Cause you know how to
Unwrap my feelings
'Til I've opened up from inside
No reason to be shy
Every reason to be mine

Nothing's really sane but everything's amazing
Slowly taking over me
Baby have you noticed the sky is re-arranging?
I feel it moving me

Oh the ground beneath us crumbles and we fall
So I wonder, will we fall?
'Cause I don't wanna be alone
Caught up in a spiral

Adrenaline rush
The moment we touched
Breaking out a hot sweat
Is as good as it gets
I can't get enough
Fall into a headspace
Deep into a new place
Spinning out of control
You should know
I don't want to be safe
Every reason to be mine

Nothing's really sane but everything's amazing
Slowly taking over me
Baby have you noticed the sky is re-arranging?
I feel it moving me

Oh the ground beneath us crumbles and we fall
So I wonder, will we fall?
'Cause I don't wanna be alone
Caught up in a spiral

Yeah, yeah
It feels like I'm shaking up
Took all cool to fight it up
All I am is mesmerised
Can't believe it's happening
Polarised

Nothing's really sane but everything's amazing
Slowly taking over me
Baby have you noticed the sky is re-arranging?
I feel it moving me (yeah, yeah)

Oh the ground beneath us crumbles and we fall
So I wonder, will we fall?
'Cause I don't wanna be alone
Caught up in a spiral
