

Sugababes, Wear My Kiss

I'm like the tie, around your neck
I make you look
So good in that
I'm like the watch, around your wrist
Just wind me up and watch me tick, tock, tick

I'm just a pretty little thing
Get up, make you wanna sing
Make you wanna buy a ring
I'm not trynna settle down
I just wanna play around, boy
You want a temporary tattoo, don't you?

You wanna wear my kiss
All over your body
Once you try it on, you can't live without it
You wanna wear my kiss
All over your lips
I promise you this
You wanna wear my kiss

I'm like your shoes, you like to wear
Someone step on them, there's gonna be a fight in here...
So show me off, parade me around
I'm like the last piece on a mannequin, just take me down

I'm that thing, that'll make you wanna sing
Take you out to buy a ring
I'm not trynna settle down
I just wanna play around, boy
You want a temporary tattoo, don't you?

You wanna wear my kiss
All over your body
Once you try it on, you can't live without it
You wanna wear my kiss
All over your lips
I promise you this
You wanna wear my kiss

You wanna pucker up, so less I hit the door
This kiss is lethal boy, there ain't no where to go
Just ask around about me, everybody knows
My lipstick, make up, steal the show

You wanna wear my kiss
All over your body
Once you try it on, you can't live without it
You wanna wear my kiss
All over your lips
I promise you this
You wanna wear my kiss
