

Sugababes, You On A Good Day

Amelle: Are you ready, Heidi?

Heidi: Uh hum

Amelle: Keisha?

Keisha: Yeah, Amelle?

Amelle: Oh yeah! Let's go!

You're messed up from your chromosomes to your enzymes

Remember the time when you took my ride?

I had to get it from the impound

My favorite rims were gone

And later when I asked you bout it you just said "yeah";

But then at least you didn't crash

If you had some cash

Left from selling my rims in the car

Parked behind the bar

Chorus

And baby that's you on a good day

And baby that's you on a good day

Disaster is always just a beat away

But baby I'm sticking with you anyway

You messed up like when I went to Tokyo for promotion

And got back had a bail for two G's

Or when you fell asleep

Calling me overseas

Asking bout my goal for the cash machine

And you just said "yeah";

But you tried to keep the house key

But then your new party friends went

And called for some stripper

and then I just said (fine)

And baby that's you on a good day

And baby that's you on a good day

Disaster is always just a beat away

But baby I'm sticking with you anyway

And baby that's you on a good day

And baby that's you on a good day

Disaster is always just a beat away

But baby I'm sticking with you anyway

Keisha: Ladies

I want it, I hate it, I need it

I want it, want it, want it

I hate it, I want it, I need it(x2)

But you tried to keep the house key

But then your new party friends went

And called for some stripper

and then I just said

(you're gonna make it up to me you know you are)

And baby that's you on a good day

And baby that's you on a good day

Disaster is always just a beat away

But baby I'm sticking with you anyway

And baby that's you on a good day

And baby that's you on a good day
Disaster is always just a beat away
But baby I'm sticking with you anyway
