

Sugar Jones, If You

If you think about me
Like I think about you
If you know what you want
Then I know what to do
If you miss me right now
We can, right here
If you are ready to

If you wanna be touched
Just the way that you like
Then I wanna show you
What I got in mind
I'll be turning you on
Baby all night long
If you are ready to

It's so hard
To hold back the way I feel
Don't say
But your eyes, they can't conceal
The way you're longing inside
For my love tonight
Exactly what you need
I know it's been your fantasy
But I can make it real

If you think about me
Like I think about you
If you know what you want
Then I know what to do
If you miss me right now
We can, right here
If you are ready to

If you wanna be touched
Just the way that you like
Then I wanna show you
What I got in mind
I'll be turning you on
Baby all night long
If you are ready to

I wanna taste
The chocolate on your lips
We both know
That your body can't resist
I know you're longing inside
For my love tonight
Baby you know it's true
So why fantasize alone
The real thing's right in front of you

If you think about me
Like I think about you
If you know what you want
Then I know what to do
If you miss me right now
We can, right here
If you are ready to

If you wanna be touched
Just the way that you like
Then I wanna show you
What I got in mind

I'll be turning you on
Baby all night long
If you are ready to

It's alright if you've been thinking about me
I wanna tell you that I'm ready for you
It's alright if you've been thinking about me
I wanna tell you that I'm ready for you
It's alright if you've been thinking about me
I wanna tell you that I'm ready for you
It's alright if you've been thinking about me
I wanna tell you, tell you
If you think about me
Like I think about you
If you know what you want
Then I know what to do
If you miss me right now
We can, right here
If you are ready to

If you wanna be touched
Just the way that you like
Then I wanna show you
What I got in mind
I'll be turning you on
Baby all night long
If you are ready to

If you think about me
Like I think about you
If you know what you want
Then I know what to do
If you miss me right now
We can, right here
If you are ready to

If you wanna be touched
Just the way that you like
Then I wanna show you
What I got in mind
I'll be turning you on
Baby all night long
If you are ready to
