

Sugar Jones, It's Like Ice Cream

Laying next to you everything's so right
Diggin' on the groove, ain't this the life?
The way you do me ooh takes me to the moon
The next thing that I knew morning came too soon

But I will not forget
The memory of your scent
Cause it's like

It's like ice cream on a summer day
Just melting through my fingers
Boy it's like your honey kisses
How they always seem to linger
It's like that perfect moment
That you wish would last forever
That's what it feels like, that's what it feels like

Wake up outta bed, gotta start my day
You're still in my head and I just can't complain
Don't think that I could last eight seconds without you
What am I to do, ooh ooh

But I will not forget
The memory of your scent
Cause it's like

It's like ice cream on a summer day
Just melting through my fingers
Boy it's like your honey kisses
How they always seem to linger
It's like that perfect moment
That you wish would last forever
That's what it feels like, that's what it feels like

It's like ice cream on a summer day
Just melting through my fingers
Boy it's like your honey kisses
How they always seem to linger
It's like that perfect moment
That you wish would last forever
That's what it feels like, that's what it feels like

Bring it on down down down down
Bring it on down down down down
Bring it on down down down down
Bring it on down down down down down down

But I will not forget
The memory of your scent
Uh give it to me again

It's like ice cream on a summer day
Just melting through my fingers
Boy it's like your honey kisses
How they always seem to linger
It's like that perfect moment
That you wish would last forever
That's what it feels like, that's what it feels like

It's like ice cream on a summer day
Just melting through my fingers
Boy it's like your honey kisses
How they always seem to linger
It's like that perfect moment

That you wish would last forever
That's what it feels like, that's what it feels like
