

# Sugar Ray, It's All Over

When its over  
Thats the time I fall in love again

When its over  
Thats the time when your in my heart again

And when you go go go go I know  
It never ends it never ends.

All the things that I used to say  
All the words that got in the way  
All the things that I used to know  
Have gone out the window

All the things that she used to bring  
All the songs that she used to sing  
All the favorite Tv shows have gone out the window

Im wishing you  
I never knew how much you loved me  
Im missing you  
I never knew how much you meant to me  
I need you

And when you go go go go I know  
It never ends it never ends.

All the things that I used to say  
All the words that got in the way  
All the things that I used to know  
Have gone out the window

All the things that she used to bring  
All the songs that she used to sing  
All the favorite Tv shows have gone out the window

Im wishing you  
You never said that you were pretending  
Im wishing you  
You feel the same and just come back to me  
I need you

And when you go go go go I know  
It never ends it never ends.

When its over can I still come over?  
When its over is it really over?

When its over thats the time that I fall in love again

All the things that I used to say  
All the words that got in the way  
All the things that I used to know  
Have gone out the window

All the things that she used to bring  
All the songs that she used to sing  
All the favorite Tv shows have gone out the window

All the things that I used to say  
All the words that got in the way  
All the things that I used to know  
Have gone out the window

All the things that she used to bring  
All the songs that she used to sing  
All the favorite Tv shows have gone out the window
