Stop, cause your by yourself come on, your someone else  
no time for another line, nonstop, around the clock  
right, born beyond attention, point yourself in the right direction  
everybody knows somebody who's nobody  
won't ya help him out  
everybody knows somebody who's nobody  
won't ya help him out  
you want to talk  
yeah then out the end come on  
we didn't know where we'd talk and talk and talk  
some of these sign have got to be attention  
point yourself in the right direction  
everybody knows somebody who's nobody  
won't ya help him out  
everybody knows somebody who's nobody  
won't ya help him out

no time do what ya can come on, we gotta work it out  
slow down thing and once again no way
