

# Sugar, Tilted

I only do these things to freak you out  
I never wanted you to doubt me  
I believe you/ Do I believe you  
I try to block you out to hear myself  
I can't believe I'm thinking to myself  
Would I leave you/ In such suspense

I let it go and go and go  
But what you're thinking through the silence  
I really wish you understood  
A couple of words get so much mileage

I never felt an urge to say a word  
I'd rather listen to the din of  
Other people closing in on me/ I lay in bed  
And think of words that you should hear  
I fall asleep and then they disappear  
A fall from grace/ From memory

I hear a voice inside the silence  
Speak your peace and all's forgotten  
I hear the static on the line  
Remember how this all got started

Remember/ Remember/ It's tilted

I turn away a minute disappears  
I turn away in shame when I don't hear  
What you're thinking/ Tell me what you're thinking  
You take it out on me  
You're not flaking out on me, are you  
Turn it tilted/ Hey wait a minute

I never wanted you to be upset  
But I can see you're trying to forget  
What was said/ What was said  
Don't try to hang me up again  
Don't try to hang up on me wait up

Turn it tilted/ I need help it's

Remember/ Remember/ It's tilted
