

Sugarcult, How Does It Feel

Well I'm back in the class, falling out of your past
All the letters I wrote and you thought as a joke
And the phone never rings when your cold and it stings
All the holidays sucked *by myself* cause I'm fucked
And I'm dying, dying, dying

So how does it feel, how does it feel
Cause it's tearing me apart
So how does it feel, how does it feel
Cause it's tearing me apart

And I'm back for some more round two was a bore
And you're driftin' away cause you want it that way
And I'm picking up pieces of hearts that completely
Have broken in two
So it must've been you
While you're lying in bed with somebody

So how does it feel, how does it feel
Cause it's tearing me apart
So how does it feel, how does it feel
Cause it's tearing me apart

You Cannot convince me anymore
You Cannot control me like before
You Cannot convince me anymore
You Cannot control me like before

So how does it feel, how does it feel
How does it feel
How does it feel, how does it feel
How does it feel

And it's 1:45 and I'm feeling alive
I've got it all and its your last call
There's somebody new and she's better than you
You've been replaced by a prettier face
So look who's crying now
We don't wanna be the enemies of what we used to be
We don't wanna be the enemies of what we used to be

So how does it feel, how does it feel
Cause it's tearing me apart
So how does it feel, how does it feel
Cause it's tearing me apart

So how does it feel, how does it feel now
So how does it feel, how does it feel now
