

# Sugarcult, I Blew My Head Off Today

I blew off my head today  
Just to make a mess  
I don't have a prayer so pray for me  
I guess this is just stress  
I'm about to explode  
All over you

I blew off my friends today  
Just to make them pissed  
Cancelled all my promises  
Started all of this  
It is getting so quiet  
All here by myself again

Ah-Ah-oh, Ah-Ah-Ah-Ah-Oh

Entertaining all these dreams that laugh back in my face  
Singing loud into this phone i've hung up on myself again

I blew off my head today  
Just to make a mess  
I don't have a prayer so pray for me  
I guess this is just stress  
I'm about to explode  
Out here by myself today

Ah-Ah-oh, Ah-Ah-Ah-Ah-Oh

Entertaining all these dreams that laugh back in my face  
Screaming out into this phone i've hung up on myself again

I blew off my head
