

Sugarcult, Molly

Molly stop that cryin'
It's gonna be alright
Your mind is empty and your heart is broken
I know, but it's alright

We can talk for hours
And I can tell little lies
I'm talkin cheaper than a rock'n'roll love song
I'll make this right

You hate being lonely
It makes you scared at night
When your heart's beatin empty
I'll be right on time

Cause I, will take this slow
I'm doing all I can
Cause I, will take my time
Until you understand
Lies will break us down
That's what I'm here for

Molly stop that cryin'
I've heard it all before
You know he's never gonna call you again
But he'll be back for more

You can say that you're stronger
Until you give it a try
He's just another sorry two-week lover
Fucking with your mind

You hate being lonely
It makes you scared at night
When your heart's beatin empty
I'll be right on time

Cause I, will take this slow
I'm doing all I can
Cause I, will take my time
Until you understand
Lies will break us down
That's what I'm here for
