

# Sugarcult, Over Now

You can feel it  
underneath it  
You can't breathe in  
When you're screamin'

You can feel it  
You can feel it

So close your eyes until you fall asleep  
and dream of me  
So close your eyes until you fall asleep  
and dream of me

Tell me it's over now  
'cuz I know it's over now  
Tell me it's over now  
'cuz I know it's over now  
All I wanted was everything

You can feel it  
underneath it  
You can't breathe in  
When you're screamin'

You can feel it  
You can feel it

So close your eyes until you fall asleep  
and dream of me  
So close your eyes until you fall asleep  
and dream of me

Tell me it's over now  
'cuz I know it's over now  
Tell me it's over now  
'cuz I know it's over now

Gotcha by surprise  
Gotcha by surprise  
Lost control and you crossed the line  
Gotcha by surprise  
Gotcha by surprise  
calling up just to save your  
life

Tell me it's over now  
'cuz I know it's over now  
Tell me it's over now  
and I know it's over now  
Tell me it's over now  
(you can feel it)  
and I know it's over now  
(you can feel it)  
Tell me it's over now  
(you can feel it)  
I know it's over now
