

Sugarcult, Stuck In America

Today I changed
Too late, cause everyone stayed the same
I'm gone so long break out cause I'm better off on my own

Today I changed
But too late cause every town feels the same
I'm different and your distant
Add it up and it makes no difference

Everybody's talking bout blowin' up the neighborhood
Everybody's gonna break it up today
Everybody's talking bout blowin' up the neighborhood
Runnin' just to get away

Stuck in America
Stuck in America
I'm lost in America
Stuck in America
Go!

Today I changed
New town with the same old face
One way to shake
This place that I can't escape

Everybody's talking bout blowin' up the neighborhood
Everybody's gonna watch it burn today
Everybody's talking bout wakin' up the neighborhood
I'm still tryin' to escape

Stuck in America
Stuck in America
I'm lost in America
Stuck in America today, today

Everybody's talking bout blowin' up the neighborhood
Everybody's gonna break it up today
Everybody's talking bout blowin' up the neighborhood
All I ever wanted was to get away

Stuck in America
Stuck in America
Stuck in America
Stuck in America

Get away (from all that shit that you put me through)
Get away (from all that shit that you put me through)
Get away (from all that shit that you put me through)
Get away (from all that shit that you put me through)
Today I changed
