

# Sugarland, Take Me As I Am

Radiator says 95  
But I ain't felt a drop of heat all night  
Here in this motel  
There's no telling me nothin'  
I come here 5 nights a week  
To clean the toilets and change these sheets  
My name's Maggie Duran  
Baby ain't that somethin'

Chorus  
If you want it  
Come and get it  
If you want it  
Come and get it  
You'll understand  
You take me as I am

I know these corners  
I know these streets  
The curbside prophets  
They're yelling at me  
He saved my soul  
For a drink and a dollar  
They keep staring at my tattoos  
We all live with the scars we choose  
They may hurt like hell  
But they all make us stronger

Chorus

Slow to trust  
But I'm quick to love  
Push too hard  
And I feel too much  
I can't say that I'm perfect  
But I promise I'm worth it

Now I'm telling each one of you  
Tell me boy what you gonna do  
My name's Maggie Duran  
Baby ain't that somethin'

Chorus to end
