

Sugarplum Fairy, Caroline

When you cry, I cry
Sad eyed Caroline
With your tears came tears of mine

I was young, confused
Hollow and bemused
So my heart got bruised with time

My apologies
Sad eyed Caroline
When I define what's on my mind

What is left? What's there?
Who cares? If there's still air
To bring my thoughts into the clear
Before they'll disappear

I didn't mean to say
All the things I said
Didn't mean to do
The things I've done to you
On my bare knees
I tell you that I'm sorry
Is this goodbye?
Sad Eyed Caroline
Hope you're doing fine

Feels like yesterday
We sat down by the bay
Waiting for the sun to set our way

And one by one
The hours counted down
As we walked into oblivion

Do your eyes still shine?
When day and night entwine
Like this icy sky through a hollow night?

Do your lips still dare?
To curse out your despair
And to swear when it's not there?
Is life to wear and tear?

I didn't mean to say
All the things I said
I didn't mean to do
The things I've done to you
On my bare knees
I tell you that I'm sorry
This is goodbye
Sad eyed Caroline

I didn't mean to say
All the things I said
I didn't mean to do
The things I've done to you
On my bare knees
I tell you that I'm sorry
But if I can
Through sorrow and through pain
I do it all again

If we meant to say

All the things we said
If we meant to do
The things that we've gone through
Then on our bare knees
We welcome a new morning
Let us rewind
Repair and replay
Let it blow away
