

Sugarplum Fairy, It Takes Time, It Takes Two

To make our comeback
You better come back
To make our comeback
You better come back
To make our comeback
You better come back
To make our comeback
You better

Can you hear me?
I'm singing to you loud
I am locked in my basement
And I don't know if I'll get out

Can you see me?
If you saw me you would cry
I'll die for getting better
I will write you love letters
I'll try

I'll be a biblical boy
Sohohohohoho

It takes time it takes two
You better wait for me too
You better wait for me too
You better wait for me too
To come back
To make our comeback you better
It takes time it takes two
You better wait for me too
You better wait for me too
You better wait for me too
To come back
To make our comeback you better

Oh it hurts now
And the pain will explode
Is it hard when you're running down that road
While carrying that load

So release me
"(Oh Please, please release me)"
And I'll make you aware
"(Oh Please, please release me)"
That it takes time it takes two
To make old into new and I swear

I'll be a biblical boy
Sohohohohoho

It takes time it takes two
You better wait for me too
You better wait for me too
You better wait for me too
To come back
To make our comeback you better
It takes time it takes two
You better wait for me too
You better wait for me too
You better wait for me too
To come back
To make our comeback you better
It takes time it takes two

You better wait for me too
You better wait for me too
You better wait for me too
To come back
To make our comeback you better come back

You better come back
You better come back
You better come back
You better come back

Well it's time to run
'Cause the gangs will come
And I said oh I left my gun
Oh I left my gun

It's time to run
'Cause the gangs will come
And I said oh I left my gun
Oh I left my gun

"It's time to run
'Cause the gangs will come
And I said oh I left my gun
Oh I left my gun

You better come back
You better come back
You better come back

It takes time it takes two
You better wait for me too
You better wait for me too
You better wait for me too
To come back
To make our comeback you better come back"
