Sugarplum Fairy, Just A Little Bit More

God have mercy on me
Tonight I'm stumbling down streets all Alone

Why can't you see?
That it's society that made me all so wrong

Pick me up
Take me home
Make this stop
Just hold on

Pick me up
Take me home
If not just for some more

Just a little, just a little, little bit more
Just a little, just a little, little bit more

Just a little, just a little, little bit more
Just a little, just a little, little bit more

Just a little, just a little, little bit more
Just a little, just a little, little bit more

Just a little, just a little, little bit more
Just a little, just a little, little bit more

A candidate preaches
Inside my head to have my finale vote

He says push yourself further
It's only your feet that have reached the floor

Rollercoaster
Make it stop
Going faster
I've had enough

Rollercoaster
Make it stop
If not just for one more

Just a little, just a little, little bit more
Just a little, just a little, little bit more

Just a little, just a little, little bit more
Just a little, just a little, little bit more

Just a little, just a little, little bit more
Just a little, just a little, little bit more

Just a little, just a little, little bit more
Just a little, just a little, little bit more

Marlon Brando
What do you got?
When what you got
Is not enough?

Marlon Brando
What do you got?
When what you got
Is not enough?

Marlon Brando
What do you got?
When what you got
Is not enough?

Marlon Brando
What do you got?
Is just not enough

Just a little, just a little, little bit more
Just a little, just a little, little bit more

Just a little, just a little, little bit more
Just a little, just a little, little bit more

Just a little, just a little, little bit more
Just a little, just a little, little bit more

Just a little, just a little, little bit more
Just a little, just a little, little bit more

Dead town
I'm going down
Dead town
I'm going down
Dead town
You let me down
Dead town, dead town, dead town, dead
