Sugarplum Fairy, Sensation

I want you and I don't wanna wait anymore Faster then any bullet blows And I need you to kiss me from head to toe Cause you're so foxy and it makes me go Gave you all the answers Gave you, made you all I had Let me be remembered as the best of every band who Ever had a brilliant plan so I ran and ran and what then I started a rock 'n' roll band best of every band, that's me and my brothers' band The Johnny's made the band, and our drummer made it real to live out our dreams And why because I wanted you so So then I wrote songs and I played them for you And the morning story was my blues
