

# Suicidal Romance, Like An Angel

Her hair like gold  
Her face like an angel  
With her shining eyes  
She looks at you  
From the realms of darkness  
She has escaped  
With her blood red lips  
She'll take your soul

She looks like an angel  
But be aware  
Of her eyes of beauty  
Behind these eyes  
Like shining stars  
A demon' waiting for you  
With her poisoned kiss  
She'll make you hers  
And once she's got you  
She'll never let you go

Come into my arms tonight  
Feel my lips on your burning skin  
Hear my voice  
Follow me into the darkness  
Let me be yours  
Let me be your sin tonight

She is an angel  
Sent from hell  
And she has come  
To take your soul  
So kiss her  
And let her seduce you  
Eternally
