

# Suicidal Romance, Our Game

in the night we play this game  
you're on the ground feeling pain  
i start to tease you with my pale white skin  
i want to use you in the way i like  
i am the mistress of the darkest night  
and now we're here it's our time

play this game with me

you are my mistress and i'm your slave  
we play this game for eternity  
you like to tease me with your naked feet  
and make me beg for more
