

# Suicide, Buried Alive

Thousands of dead faces  
Horrificed, disfigured  
Among mass graves  
Perished in earthquake

Cities collapsed  
Victims buried alive  
Neither age nor sex determined  
When they exhume the bodies

Death toll raised to thousands  
Under the rubble  
Dreams of a nation  
Turned into a wasteland

Cities collapsed  
Victims buried alive  
Neither age nor sex determined  
When they exhume the bodies

Greedy structuring  
Consumption of nature  
Purged the cities  
And the hopes.
