

Suicide Commando, Come To Me

Black curse
Black light
Perverse
Sick mind
Restrain
Your fear
This game
Is for real

So come to me
And let me see
Your body belongs to me
No one will hear
Your cry, your fear
No one will know
I stained your soul

Black light
Dark room
Death cage
My rage
These chains
Of steel
This pain
Won't heal

So come to me
And let me see
Your body belongs to me
No one will hear
Your cry, your fear
No one will know
I stained your soul

Black curse
Black night
Dark room
Black light

Black curse
Black light
Perverse
Sick mind
Restrain
Your fear
This game
Is for real

So come to me
And let me see
Your body belongs to me
No one will hear
Your cry, your fear
No one will know
I stained your soul

Come to me
Come to me
Come to me
Come to me
