

Suicide Machines, Love Letters To Nowhere - Ke

I've been thinking of you
Where have you been
All this time?
I want to see your face again

At night I can't sleep
'Cause I remember the day
When you went away

I've been writing you these letters
But I don't know where I have to send them
Please call me and tell me where to find you

....

It's been two whole months
And I haven't recieve any new from you
It's been two whole months
And I'm bleeding of love

...

I've been writing you these letters
But I don't know where I have to send them
Please call me and tell me where to find you
