

Suicide Silence, Swarm

This is who we are, nothing quite like it, nothing
This is coming to a culture that everything is cross-eyed
Open your fucking eyes
We'll be the ones that set civilization back
Open your eyes find out that you're what you see
This won't be the last of us this, this passion
Squirming away, stop eating nothing (2x)
We are the swarm that rapes and tricks
This is who we are
The swarm that rapes
Fucking Mother Earth in her ass (2x)
Spreading disease (4x)
You'll see us
Salvation, won't you let me
Whats that? Your gods will say
Open my eyes find nothing that we can
Answer the swarm
This is prophecy played out.
This is just who we are, the swarm (2x)
This is who we are, this is what we do (2x)
Rape
This is coming to destruction, you see everything is cross-eyed
Rape
