

# Sum 41, Dear Father (Complete Unknown)

Adressed this letter to dear father  
I know you is complete unknown  
I guess its better you dont bother  
All our truths should be left alone  
'Be left alone'

I learned all things you never showed me  
took the chanches you would have blown  
And to this day the one and only  
You remain a complete unknown  
complete unknown  
complete unknown

Your out there somewhere  
I dont know if you care at all  
It seems that i let you down  
since if the day will never come  
So you will remain a complete unknown  
unknown..unknown..unknown..

So many years have been ignored  
youve been gone without a trace  
Im Getting used to knowing your  
just a name without a face  
Without a face.. Without a face

Your out there somewhere  
I dont know if you care at all  
It seems that i let you down  
since if the day will never come  
So you will remain a complete unknown

Your out there somewhere  
I dont know if you care at all  
It seems that i let you down  
since if the day will never come  
So you will remain a complete unknown  
unknown..unknown..unknown..
