

# Sum 41, Fat Lip

Storming through the party like my name is El Nio  
When I'm a hangin' out drinking in the back of an El Camino  
As a kid, was a skid, and no one knew me by name  
Crashed my own house party 'cause nobody came

I know I'm not the one you thought you knew back in high school  
Never going, never showing up when we had to  
Attention that we crave, don't tell us to behave  
I'm sick of always hearing "act your age"

I don't want to waste my time  
Become another casualty of society  
I'll never fall in line  
Become another victim of your conformity and back down

Because you don't  
Know us at all we laugh when old people fall  
But what would you expect with a conscience so small  
Heavy metal and mullets is how we were raised  
Maiden and Priest were the gods that we praised

Cause we like having fun at other peoples expenses  
Cutting people down is just a minor offense and  
Its none of your concern, I guess I'll never learn  
I'm sick of being told to wait my turn

I don't want to waste my time  
Become another casualty of society  
I'll never fall in line  
Become another victim of your conformity and back down

Don't count on me, to let you know when  
Don't count on me, I'll do it again  
Don't count on me, it's the point you're missin'  
Don't count on me, cause I'm not listenin'

Well I'm a no-goodnick lower middle class brat  
Back-packed and I don't give a shit about nothing  
You be standing on the corner talking all that kumuppin  
But you don't make sense from all the gas you be huffing  
Then if the egg don't stain you'll be ringing off the hook  
You're on the hit list wanted in the telephone book  
I like songs with distortion, to drink in proportion  
The dentist said my mom should have had an abortion  
(Abortion, abortion, abortion)

I don't want to waste my time  
Become another casualty of society  
I'll never fall in line  
Become another victim of your conformity and back down  
(Waste my time with that)  
Causality of society  
(Waste my time with that)  
Victim of your conformity and back down
