Started out trying to fake a smile  
Disalusion - im in denile  
There's something missing  
Cause I can't feel a thing  
I'm Desinitized!

You can fake this  
And I can't take anymore  
I'm not so tough  
I can't ignore..

You can fake this  
And I can't take anymore  
I'm not so tough  
I can't ignore..anymore!

All this confusion is running deep inside my head.  
How long can I keep this up  
Before I end up dead!?

I can't beleive it  
it could come to this

It's only feelings  
so I can't resiste

Apology for sittin on my ass  
I'm trying to beleive in something

You can fake this  
And I can't take anymore  
I'm not so tough  
I can't ignore..

You can fake this  
And I can't take anymore  
I'm not so tough  
I can't ignore..anymore!

Anymore!  
Anymore!  
ANYMORE!!
