

# Sum 41, No Reason(live)

All of us believe that this is not up to you  
The fact of the matter is really it's up to me  
(Hey,hey,hey,hey,hey,hey, "Let's go")

How can we fake this anymore (anymore)  
We turn our backs away and choose to just ignore (Choose to just ignore)  
(Some say) Some say it's ignorance  
It makes me feel some innocence  
(Some say) It takes away a part of me  
But I won't let go

So why can't you see it's not the way (not the way)  
When we all fall down it will be too late  
Why is there no reason we can't change (no reason)  
When we all fall down, who will take the blame  
What will it take

If nothing could ever be this real (be this real)  
A life unsatisfied that I could never feel (I could never feel)  
(Some say) This future's not so bright  
Some can't make the sacrifice  
(Some say) It's much more than just black and white  
And I won't follow

So why can't you see it's not the way (not the way)  
When we all fall down it will be too late  
Why is there no reason we can't change (no reason)  
When we all fall down, who will take the blame  
What will it take

Times like these I've come to see how  
Everything but time is running out  
(Hey,hey,hey,hey,hey,hey, "Right now")

All of us believe in what we need  
What we have's what we don't see

So why can't you see it's not the way (not the way)  
When we all fall down it will be too late  
Why is there no reason we can't change (no reason)  
When we all fall down, who will take the blame  
What will it take

So how long has this gone on / So why can't you see it's not the way (not the way)  
I don't see this ending / When we all fall down it will be too late  
It's too late we can't change  
What has now begun  
We act like it's not right / Why is there no reason we can't change (no reason)  
Why are we pretending / When we all fall down, who will take the blame  
We've been wrong for so long / What will it take  
We've known this all along
