Sum 41, Waiting On A Twist Of Fate

(Make No Mistakes)
Time is just a fuse
it's Burning fast, nothing lasts, every which way you lose
(What's to explain)
There's nothing left to say,
You're Living fast, fuck the past, looking like a heart attack

In life it seems We fade away I'm fully empty fueled with apathy

And now I'm done with lies
And everything that you've got to say
I've opened my mind
But it's more than I could ever take
And If I had more time
Well maybe I could find some faith
I can't spend my life
Just waiting on a twist of fate

In time why don't you look at what you've done Lies cause I bet you think you've won

We live and die with No explanations What might have been's got you against the wall

And now I'm done with lies
And everything that you've got to say
I've opened my mind
But it's more than I could ever take
And If I had more time
Well maybe I could find some faith
I can't spend my life
Just waiting on a twist of fate

Done with lies and all that you got to say Cause in my mind, it's more than I can take.

And now I'm done with lies
And everything that you've got to say
I've opened my mind
But it's more than I could ever take
And If I had more time
Well maybe I could find some faith
I can't spend my life
Just waiting on a twist of fate
