

Summer Walker, Girls Need Love Remix (with Drake)

honestly
honestly
I'm tryna stay focused
you must think I've got to be joking
I don't think I can wait
I just need it now
better swing my way

I just need some dick
I just need some love
tired of fucking with these lame niggas baby
I just need a thug

won't you be my plug eye
you could be the on eaye
start with a handshake baby
imam need more than a hug
