

# Summer Walker, No Love (Extended) - feat. SZA

Oh, ooh woah  
Oh-oh, yeah  
Yeah, yeah, yeah

Here I am, there you are fallin' out of love again  
I don't know just how to feel  
It's time to meet you where you are  
I needed some time apart  
'Cause you've been playin', I've been loyal  
No questions, boy, I've been ten toes down  
To communications with niggas that wanna be around  
So I found it crazy how bitches that's in my mentions now  
Nothin' that you're sayin' add up to me, how I'm feelin' now  
I just wanna be everything you need  
I wish you could see how you hurtin' me  
II-I-I got no more love, this time I'm done with that (Done with you)  
I'm thinkin' of ways that I can hurt you back

If I had you back (Back)  
I wouldn't've did all that (That)  
I would've played it just how you wanted to play it  
You didn't yet see my worth, so you try to play me  
But I was so in love, love  
That I just got a little bit too complicated

But if I had you back, all I wanna do is fuck (Fuck)  
Get drunk (Get drunk), take drugs (Take drugs)  
(Fuck love)  
All I wanna do is fuck (Fuck)  
Get drunk (Oh), hop planes  
All lust, there will be no lovin' you  
It would be no lovin' you

If I did it all again  
I would give, like, ten percent  
You deserve, like, half of that  
I'ma need my money back  
I'm ridin' through your hood, you pissed me off again  
Finna let new niggas come find me  
I've been trippin' like I don't got that designer pussy  
All I'm tryna see is your credit card, swipe it all for me  
Get me what I want, I don't need it  
Just CC me, just VV me, just that dick when I call (Dick when I call)  
No more feelings involved, I done seen all I need to  
Funny how you say you 'bout us  
You don't ever pull up on me, put it on me, get me right (Right)  
You the one that ruined us, can't give no, can't give no

Fuck (Fuck)  
Get drunk (Get drunk), take drugs (Take drugs)  
(Fuck love)  
All I wanna do is fuck (Fuck)  
Get drunk (Oh), hop planes  
All lust, there will be no lovin' you  
It would be no lovin' you (Yeah, yeah, yeah, yeah)

Come to find out you weren't even worth my time  
Tried to act like I wasn't good enough in your eyes  
Funny now that you callin', that you ringin' my line  
Why the hell is you ringin' my line?  
Oh, I  
Tell me what's changed, is it my status? Is it my fame?  
Is it my pockets? Is it my change?  
Is it my pride? Is it my body?

Back then, "No show, no call" was your motto  
Only hit me up after the club and you off that bottle  
Pussy so good you thought you hit the lotto

But if I had you back, all I wanna do is fuck (Fuck)  
Get drunk (Get drunk), take drugs (Take drugs)  
Fuck love  
All I wanna do is fuck (Fuck)  
Get drunk (Oh), hop planes  
All lust, it will be no lovin' you  
It will be no lovin' you

Come to find out you weren't even worth my time  
Tried to act like I wasn't good enough in your eyes  
Funny now that you callin', that you ringin' my line  
Why the hell is you ringin' my line?
