

Summertime, Nowhere Near

I don't want to waste your time
Make you hang around thinking you've done wrong
You can only wait for me so long
But I ain't coming over proving nothing
Cause I know it's always something
And how you value your time alone

So I'm out of here
'Cause I know I'm nowhere near
What you want, What you want, What you're looking for

I don't want to make you smile
Only to see it turn all around
When you decide I've just let you down
I ain't making up my mind just yet
How easy I forget
Just how you add to my confusion

So I'm out of here
Cause I know I'm nowhere near
What you want, What you want, What you're looking for.

If I'm breaking your heart
You'll always know where mine got its start
It's better like this anyway
If your world is fallen apart
Maybe you'll find me in the dark
Searching for the right thing to say

I don't want to waste your time
Make you hang around thinking you've done wrong
You can only wait for me so long

So I'm out of here
Cause I know I'm nowhere near
What you want, What you want, What you're looking for,
What you want, What you want, What you're looking for,
What you want, What you want, What you're looking for,
