

# Sunn O))) & Boris, The Sinking Belle (Blue Sheep)

Passing by  
Rose and emeralds  
In silence I  
Stand alone

And out of you  
Grey birds fly  
The gravel path  
You qualified  
Pretended to  
Favour few  
The walls are fine  
In hollow time

The shape I'm in  
Oh she knows so well  
My hearts become  
Her sinking belle

The sinking belle  
Oh the sinking belle  
I'm worried now  
You're worried now  
I

The sinking belle  
Oh the sinking belle  
You're worried now  
You're worried now  
I

We're smaller than  
We used to be  
What came from you  
Is now inside of me

Don't ask me why  
Oh, don't ask me why  
All my life,  
All my life  
Wear in black and white

The sinking belle  
Oh the sinking belle  
I'm worried now  
You're worried now

The sinking belle  
The sinking belle  
I'm worried now  
You're worried now  
I

The sinking belle  
Oh the sinking belle  
You're worried now  
You're worried now  
I
