

Sunn O))), The Sinking Belle (Blue Sheep)

Passing by
??? ???

Sad inside
Stand alone
And out of you
Creeping to fly
Gravel pop
You qualified
Pretended to
Favor you
The walls are fine
and hollow time
The shape I'm in
oh she knows so well
My hearts be calm
Her sinking belle

Sinking belle...
oh the sinking belle...
you're worried now
you're worried now

Sinking belle...
oh the sinking belle...
you're worried now
you're worried now

We're smaller than we used to be
What came from you is now inside me
Don't ask me why
Oh don't ask me why
All my life
All my life
We're in black and white
