

Sunna, Insanity Pulse

I don't know if I can stand
If you think you've made it with your God
Far too much I understand
If you think you're brainy then you're not
I don't know if I've been dead
Everything you've made it with your God
Can you see what's not been read
If you think you've made it with your God

I wanna know if I wanna know if

I don't know if I can stand
If you think you've made it with your God
Far too much I understand
If you think you're brainy then you're not
I don't know if I've been dead
Everything you've made it with your God
Can you see what's not been read
If you think you've made it with your God

I wanna know if I wanna know if

You and me and me and you
Are lost in all the things we do
And moving on from where we are
Evolves from where and who

I wanna know if I wanna know if

You and me and me and you
Are lost in all the things we do
And moving on from where we are
Evolves from where and who
