

# Sunna, Too Much

I drunk a drop too much  
I toaked a block too much  
I sniffed a can too high  
Mirror reveal the man that I am

Keep all we've got or give up something

I play in the gym too much  
An I've seen too many movies  
An I'm in business over kill  
All the things in life of which  
Are making me ill

Keep all we've got or give up something

I pray to my God too much  
And dwell on death in life  
I preach my own religion

Keep all we've got or give up something
