

# Sunny Side Up, Looking In Your Eyes

(R. Van Brussel)

Looking in your eyes

I finally realised

that it's hard to take

the bitter with the sweet

But what else is there to do

when it's your picture I'm talking to

Your lovin' smile beside me is all I need

There's one more thing I'd like to know

why does time go by so slow

when you're hurting deep inside

Looking in your eyes

Looking in your eyes

I was lost when you left this vale of tears

You must have been an angel in disguise

No one knew what we were going through

But I could tell by looking in your eyes

There's one more thing I'd love to know

why does time go by so slow

when you're hurting deep inside

Looking in your eyes

Looking in your eyes

Looking in your eyes

Every single day

I've been trying to find a way

to make you feel alright

to make you feel alright

Baby I love the way you look tonight

Maybe I just pretend everything's alright

But what else is there to do

cos it's your picture I'm talking to

It used to feel so right

It felt so right

Girl I need you tonight

Baby I love the way you look tonight

Maybe I just pretend everything's alright
