

Sunny Side Up, She Makes Me Happy

Well I've been tryin' oh so hard to get myself together
I think of what's to come, baby everything is so unclear
and I've been livin' my life without any rhyme or reason
my guardian angel seems to have disappeared
then she came in like the sunshine through the rain...
oh she makes me happy
she makes me wanna smile all along the way
I'm true to my word, a promise is a promise
no more livin' a lie, just smile from day to day
I think for all I know, there are no two ways about it
nothing will ever change my mind, I think she's here to stay
cos' when she came in like the sunshine through the rain
I knew that my life would never be the same...
oh she makes me happy
she makes me wanna smile all along the way
I said that I am fallin' for the one who makes me happy
she'll be the brightness in my life when my skies are grey
Always wait for the one you love
even if it takes a lifetime
babe' it happened to me and now the rain is gone
she is the one...
Oh she makes me happy,
she makes me wanna smile,
she makes me happy...
when she came in like the sunshine through the rain...
the rain...
oh she makes me happy
she makes me wanna smile all along the way
I said that I am fallin' for the one who makes me happy
she'll be the brightness in my life when my skies are grey
oh she makes me happy,
she makes me wanna smile,
she makes me happy...
